

Parents,

I'm extremely excited to be working with the Cali*Lax ALL-STARS organization this upcoming summer. We feel like we can offer a unique and transformational lacrosse development experience. It's rare to have the time to dig deeper into higher level lacrosse concepts. Having the luxury of time to prepare the players for individual and collective success during their trip will make a significant difference.

All Canada Games is one of top recruiting tournaments of the summer circuit and one of the most well attended by NCAA coaches at all levels. This tournament is where the majority of my Hill Academy players are recruited.

All that being said, I believe the biggest value of the trip will be the overall growth and development opportunity. Participating in the Barry Burman tournament in Orangeville will provide the players an authentic Canadian box experience. This experience will have a lasting impact on the player's game.

We want to coach and teach the details of the game and challenge the players to commit to playing the game the right way.

Look forward to meeting your son and helping him in his pursuit of playing lacrosse at the next level.

Brodie Merrill
The Hill Academy
Head Lacrosse Coach
